Nutech Infrastructure (P) Ltd.

INTRODUCTION

M/s Nutech Infrastructure (P) Ltd. formerly known as **Nutech Consultants**, engaged in the structural design of civil engineering projects was established in 1992. During the span of about 20 years the firm has successfully executed several prestigious projects in India and Abroad. The firm has got the experience of designing all sorts of commercial, Industrial and Important Multi-storeyed buildings including Schools, Cinema Halls, Community Centers and Hospitals. Design of Bridges from open foundation, pile foundation and well foundation from RCC superstructure to PSC superstructure including steel superstructure Silos etc.

Every assignment entrusted to the firm is handled with a great degree of professionalism. The organisation adopts a dynamic approach to complete the project by deploying key staff. The project is headed by an experienced person. All the services are supported by senior specialists within and from outside the company who are assisted by professionals of different disciplines. Economy, Aesthetic and stability is the main criterion of the organisation while taking up the job. The organisation provides all services from tender stage to the completion of the project.

Each and every structure is designed for seismic forces and wind forces as per the location of the structure in a particular seismic zone.

We have designed a Hall of 22.5m x 22.5m without any column in hall for Aggarwal Modern Bazar at Lawrance Road, Delhi.

We are involved in structural design/ checking of PT slab/ beam from last 10 years.

We have designed first steel skew bridge over river Haachu in Bhutan with a skew angle of 28 degree.

We have also designed the 60 m span steel superstructure on a deep gorge of about 40 m and has launched this with the help of launching nose from one side only as the launching from other side was not possible as per site conditions did not

We have the experience of designing of all types of structures for all types of available site conditions and have designed all types of foundations including isolated, raft, pile and well foundations also.

Nutech Infrastructure (P) Ltd.
